### ★ ★ ★ ADVOCACY ALERT ★ ★ ★

Two years ago, our soldiers and Marines heroically evacuated tens of thousands of Afghan allies who fought with us against the Taliban. Since then, more than 70,000 at-risk Afghans have been relocated to the United States, where they have been in legal limbo. Despite fleeing from the Taliban, most of our new Afghan neighbors have no direct pathway to lawful permanent residency and stability in the U.S. There is now legislation being considered in Congress that could resolve that.

The Senate is actively debating on a number of items related to our national security, and we are urging them to include the Afghan Allies Amendment in that package. We expect a vote in the next 36 hours, so the time to act is NOW!

Please send an email today to let your Senators know where the Veterans of this country stand!
